

Developmental Behavioral Family Resilience Center

Welcome to the new Developmental Behavioral pediatric services at
Olympia Pediatrics.

Our professional team at Olympia Pediatrics looks forward to caring for your child.

The Family Resilience Center – would like to welcome you and your family. Your child has been referred to the Developmental Behavioral team because of concerns about a developmental or behavioral problems.

A few things to know about our team:

- It is managed by a doctor, Eric M. Flake is a board certified Developmental Behavioral pediatrician. Other supporting staff include nurses, coordinators, medical assistants and pediatricians that work together to help with the most optimal evaluation and treatment outcomes.
- Prior to the initial appointment, completing the requested questionnaires will help immensely on the evaluation and treatment of your child.
- The evaluation typically takes approximately 60 minutes. Both parents are encouraged to attend. If possible, do not bring any other children to this appointment

It is our pleasure to serve you.

Respectfully,

Eric M. Flake, MD
Developmental Behavioral Pediatrics

FOLLOW-UP MEDICAL HISTORY
